PERSONAL PROFILE

I am a confident, highly driven individual in information technology, with practical knowledge in frontend development and design and experience in user support and system and applications installation and configuration.

I am a resourceful and proactive individual. I combine effective communication skills with detailed tech knowledge to identify and troubleshoot IT-related issues, and deliver a satisfactory outcome for the company.

I am currently looking for an opportunity to further my career goals within the IT sector.

I am also a high-energy Supervisor successful in building and motivating dynamic teams. Effective in cultivating company culture of collaboration, motivating staff to contribute new ideas that drive company growth. Organized and diligent leader with excellent written, oral and interpersonal communication skills.
